Principal's

Message

Your possession of the 1957 Annual is an indication of the job you can do and of the work you can employ. Be aware, therefore, of the hard work to be done and the difficulties to be overcome before graduation. There will be work, difficulties and privations to be endured. These experiences will add strength, confidence and power in mature years.

Remember that the prestige of graduation from this school will be of great value to you in your career. It will open the way to many courses of responsibility and achievement. Such opportunities are available to you only because of your diploma.

Stephen
PRINCIPAL

In compiling this book you were most essential
...in producing it you were of utmost importance
...you made it...we produced it.

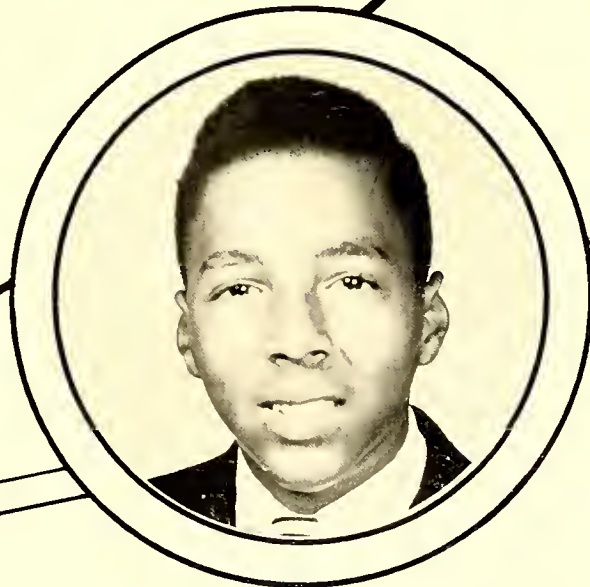

We have strived to make it acceptable to you
and only hope we have pleased you by representing
you as you should be represented...in sports...in
organizations...in activities...or whatever it may
be.

So here is your book...THE "57" PANTHER.
Without you it would have been impossible to produce
it. We hope you enjoy it as much as we have en-
joyed producing it for you.

Dedication

Who, in carrying out the objectives of their respective departments, have contributed invaluable time, labor, and skill aiding us in fulfilling our obligations, as we traveled the roads of education.

Always remembered will be their efforts to lend a helping hand to a class in need of their services. Only action can express our gratitude for their succor to our cause: thus the 1957 Annual Staff dedicates the "57" Panther to the Industrial Arts and the Vocational Agriculture Departments.

 For our Almer Matter

Oh H and I we're loyal
 to all our precepts true
 glad moments have we
 cherished
 We owe our gratitude
 To thee we raise our
